

For many years, the Jordan Brand has not disappointed its customers. Year in, year out, the Jordan Brand keeps offering something new to its customers on a continuous basis. As customers continue to purchase “[Drop Jordan](#)” products already available in the market, more and “new Jordans” releases are expected to be launched soon. All eyes are now on the next announcement the Jordan Brand will make. As people prepare to usher in the month of November, they will also be treated to a launch of Air Jordan Wheat collection which will feature releases such as Air Jordan 13 “Wheat” also christened the “Golden Harvest”. Below is a more detailed analysis of Air Jordan 13 “Wheat” with a view to inform readers about it.

The [Air Jordan 11 Win Like 96](#) “Wheat” is a display of elegance and simplicity in equal measure based on the blend colors that characterize it. Its multiple color combinations are golden harvest/Elemental gold, Baraque Brown and Gum Yellow. These set of colors contribute to its unique and stylish look.

The [Buty Jordan Sklep](#) “Wheat” was initially thought to be a kids sizing only specifically meant to be a grade school girl’s special. However, it is believed that the “Golden Harvest will also be a men’s release too. As such, the shoe can serve the needs of both females and males.

As a final point, this new [Cheap Air Max](#) release will be available for purchase once it is released come November. Individuals interested in acquiring a pair of the Air Jordan 13 Wheat will be able to do so by visiting select Jordan Brand stores. The shoe can also be purchased online from sites such as Nike.com which is also Jordan Brand vendor.
