Below are the FIFA 18 Marquee Matchups SBC (March 18) Predictions and investment based on the Reddit Romanista3 and YouTuber TheGISALEGEND, what potential Marquee Matchups squad builder challenge for this weekend? Olympiakos vs Panathinaikos, Oostende vs. Zulte Waregem, Lokomotiv Moskva vs. Spartak Moskva? Prepare yourself with 1 gold and 1 silver from each team, there are a lot of silvers and 4 golds (1+3) in total, only a few bronzes. Take the highest rated you can afford but dont buy more than 800–1000 coins per card. Not as big as Spartak against Dynamo or CSKA, but it's still a derby between 2 big clubs from Moscow. I recommend you to pick up 2 players from each team, 2 russians and 2 brazilians. Brazil is well represented in those 2 teams so it might be a requirement and prices may skyrocket. www.fifacoins.com.br
