ジョン先生からのメッセージを紹介します

Take a Knap , Take a bath , Take a walk

Do you take a knap? Do you take a bath? Take a walk?

Take me to the moon? Take has the meaning of caring out something, doing something for your self or others.

Example. Can I take your bag for you? Can I carry your books for you. Or it can mean doing something for yourself.

It has the past tense took and taken, and future tense to take or going to take.
