

Nike Air Max 97 Release Guide For Fall To Celebrate 20 Years

Nike has been celebrating 20 years since the [nike Air Max 97's](#) original release all year ▪ but the real bangers are coming for the fall.

Designer Christian Tresser, the same gentleman that designed the Air Zoom Spiridon, was inspired by the industrial lines of his favorite mountain bike while creating the Air Max 97.

“Mountain bike components and mountain bikes at the time had metal on metal finishes like aluminum and polished titanium,” Tresser said in a statement.

The Air Max 97 is celebrated for introducing full-length visible Air cushioning. Now, two OG builds are returning, including premium renditions, as well as the new [Nike Air Max 97 metallic gold](#).

The Nike Air max 97 Ultra has undergone a weight savings by way of a single layer upper and (hopefully) become more comfortable with new Air-Sole PSI levels.

While these are new colorways, these AM97s are how the silhouette was originally conceived. Both will be available August 1 on Nike+ SNKRS. No price has been announced.

NIKE AIR MAX 97 OG PREMIUM

Outfitted with premium leathers and faux reptile skins, the Air Max 97 OG Premium debuts August 4 on Nike+ SNKRS. No price has been announced.

NIKE AIR MAX 97 ULTRA

Lighter weight and supposedly softer underfoot, the Air Max 97 Ultra is available August 17 at retail globally on Nike+ SNKRS. August 5 for North America, although no price has been announced.
