

The sneaker's aesthetic and [Buty Jordan Sklep](#) overall build remain the same and very similar to another classic silhouette that will remain nameless out of respect... as the kicks feature perforated and embroidered Three Stripe detailing, a perforated toebox, a leather constructed build, Galabosas branding at the lateral side ankle of the kicks in both monochromatic black and grey hues.

The men's [Buty Jordan Damskie](#) features a white base with black accents, and a black reflective panel with the words love and respect across the heel. The kid's Air Jordan 13 sports a black upper panelling, with white reflective paneling and words across the heel.

Tying more into the [Barato Air Max Venta](#), we see the Nike Kyrie 3 showcase yellow snake scales along the silhouettes inner panel and heel to help execute the theme. The new Kobe inspired Kyrie 3 colorway is confirmed to hit retailers Sept. 15th.
