that was released early this year? Then worry no more, because this time around you can be the first one to grab this dazzling pair of shoes once it is out in the market. The runners will sell at a pocket-friendly price of just \$140 at the selected stores.

Nike Air Max 1 OG

Color: White/University Red-Neutral Grey-Black

Style Code: 908375-103

Release Date: September 21, 2017

Price: \$140

Some fans are eager to know what exactly to expect in the new forthcoming pair of runners. This is because there are rumors that the shoes are just a comeback of the Sport-Red version that was availed to the public early this year. Well, there are some similarities in the two models but the new model is a more improved, super and hotter sneakers. In other words, this is something good and special for the lovers of the Nike Trademark. The truth is that this design of shoes has been released several times in the past due to public demand. However, every new version of the Air-Mx-1 is definitely an improvement of the previous one and comes with additional special features.
